BY TELEGRAPH TO THE TRIBUNE. ALBANY, Jan. 3, 1867. The bills introduced in the Senate to-day were few In number, and with the exception of the one relating to the repeal of the law preventing free passes, of very little interest to most of your readers. It is evident that there will be a powerful influence brought to bear on the Legislature for the repeal of the law I have named, but as no concerted movement, looking to that object has yet been made, it is impossible to say how much effect it will have. Senator Gibson gave notice that he would introduce a bill creating a Metropolitan Board of Commission of Wharves and Piers for New-York and Brooklyn, in whom power will be vested to regulate the wharves, docks, etc., of the two cities I have named. It is understood to be the bill of the Citizens Association, two members of which have been here. The same Association will shortly have a bill introduced creating a Metropolitan Board of Public Works, taking substantially all the power out of the hands of the Street Department, Croton Board, Court-House Commission, etc. This worthy Association will have representativer here during all the session, and whatever is necessary for the good of your city and Brooklyn will unquestionably be attended to. The pedition circulating in New-York for the removal of Senator Cornell from the Office of Senator, was presented to-day. It has already been published. It is signed by some of the best citizens of New-York, and will no doubt have great weight in the Senate Chamber. In the Assembly, several bills relative to New-York and Brooklyn were noticed to be introduced at length, nossily by the Democratic side. One relates to abolishing the Board of Supervisors and another regulating what the Rev. Mr. Cayler calls the social cancer. These have not been drawn up yet. A bill was sent up by Mr. Creamer, amendatory of the Registry law, permitting naturalized citizens, when appearing before the Registers, to have their names registered without producing their papers, but simply on their affidavit that they are citizens.

Mr. Oakey presented an act to limit the hours of labor constituting a day's work in this State to eight hours. It provi ing to the repeal of the law preventing free passes, of very little interest to most of your readers. It is evi-

Aft. Cakey presented an act of this state to eight hours. It provides that on and after the first of May 1866, eight hours of labor, between the rising and setting of the sun, shall be deemed and held to be a legal day's work in all cases of labor and service by the day, where there is no contract or agreement to the contrary. This act shall not apply to or in any second of the contrary of the contract of service by the year, month of affect labor or service by the year, month or

Mr. Gridley presented a petition of Edward Mitchell, Republican Union, claiming the scat now held by Frank Ransom, Conservative representative of the Vilth District, Mr. Mitchell claims that in the lat District of the Fifteenth Ward he was defrauded out of 200 votes by the canvassers giving them to James Riley, Democrat; and that he can prove that the Canvassers, one a Democrat and the other a Conservative, concealed the fraud thus perpetrated.

The Assembly adjourned until Tuesday morning to give the Speaker a chance to select his Committees. The Senate will adjourn to-morrow until the same lime.

The market bill, notice of the introduction of The market bill, notice of the infroduction of which was given on vesterday by Mr. Gridly, is of such importance that I send a full synopsis. The report of Charles B. Norton, esq., Commissioner to the Paris Exposition, was sent to the Assembly today by the Governor. Although laboring under some difficulties, considerable progress has been made, and after the Exhibition, he propose to send a full report which will indicate the high position of the Empire State in mechanics, art, manufactures, &c.

The report of the Rinderpest Commission was sent to the Assembly to-day. It gives the proceedings thus far of the Commission, and warns the public not to be needlessly alarmed on the subject. Circulars were printed, to be distributed to farmers and others on the appearance of the disease, but thus far they have had no occasion for their use.

Senators Pierson, Lent, Thomas, Murphy and C. G. Cornell appeared in their seats for the first time to-day.

THE CONSTITUTIONAL AMENICANT.

The Senate immediately proceeded to the consideration of the Congressional Constitutional Amendment.

Mr. GHESON argued at length in favor of the justice and magnanimity of all the provisions of the Amendment.

Mr. WHITE said that, while he would cheerfully vote for the ratification of the Amendment, ret, if a suificient number of States do not accept it, he did not wish to be understood by his vote now as binding himself not to ask for more. He pledged himself never to ask for less; but he held that the Amendment would be maden more acceptable to a vast body of our citizens, and more complete, just and particite, if it went further and guaranteed universal suffrage. The vote was then taken, with the following result:

MESSAGE OF GOV. SWANN.

BALTIMORE, Jan. 3.—Gov. Swann's Message was not delivered to the Legislature to-day, but from some reason, yet unexplained, it was published in two of the afterneon papers of this city. The Message is a lengthy and able document, opening with an appropriate allusion to the general prosperity of the Commonwealth, and the encouraging circumstances, as well as the mighty responsibilities under which the present Legislature meet. He expresses gratification at the flourishing condition of the State finances, the receipts into the Treasury for the current fiscal year being \$3,758, 439 94, and the disbursements \$3,30,617.58, leaving a balance of \$397.816.30 in the Treasury. The total debt of the State is \$10,706.92 21, the productive capital being but \$1,057,683 98 less than this aggregate, while the unproductive capital of the State is stated at the large amount of \$18,017,642 67.

The Governor then devotes a large space of his message to domestic affairs, and passes to the discussion of National topics—the Constitutional Amendment being the leading point. To this subject he devotes considerable attention, and avows his opposition to the adoption of the measure, and declares that the passage of the Amendment, as a condition

WILMINGTON, Del. Jan. 3.—The Message of Gov Wilmington, Del. Jan. 3.—The Message of Gov-Saulsbury of Delaware, presented to the Legislature vesterday, strongly upposes the Constitutional Amendment and takes ground against its ratification; refers favorably to the railroad enterprises of the State; proposes a State library and penitentiary, and a revision of the penal code. In reference to the punishment of negroes, he says; "Experience during the whole past history of this State has shown that the selling of this class of our population into slavery as a punishment for crime was not only the the most salutary restraint against its commission, but the surest preventive against its repetition," the most saintary restraint against its commission, but the surest preventive against its repetition. He recommends laws restricting negro immigration into the State; questions the constitutionality of the Civil Rights bill, and says he will enforce the laws against negroes possessing arms.

OPERATION OF THE LIQUOR LAW.

BOSTON, Jan. 3.—In the Superior Court to-day the State Constable was ordered to return the liquors, vained at \$1,000, to the proprietor of the Neptane House, on Chelsea Beachy which had been declared by the Court to be illegally seized. At the State dinner at the Parker House last evening (the proprietor of which is under indictment for selling liquor in violation of the law), liquors were freely furnished to the guests, and were as freely partaken of by the Governor, Councilmen, and the officers of the State generally. The report of the State Constable (Jones) is a slashing document, showing that the State Constables have done a vast amount of work during the past year, more particularly in the suppression of the liquor traffic and gambling. In this city alone, as the report shows, over 500 liquor establishments were broken up during the year, while not a bar-room or hotel bar has been open on Sundays. In Essex and Middlesex Counties the sale of liquors has been stopped almost entirely, and in other counties it has been greatly Boston, Jan. 3 .- In the Superior Court to-day the ntirely, and in other counties it has been greatly

Gambling has also been looked after sharply, and the most noted establishments broken up. The value of the gambling instruments confiscated is not far

from \$8,000.

The police of this city are sharply reproved in the report for their hostility to the State Constables, which they have expressed on all occasions. The force comprises only 72 men, including three detectives, who have made over \$0.00 arrests. The report

MASSACHUSETTS MILITARY HIGORD.

The Adjutant-General of this State is engaged in preparing a most important and extensive record of the Massachusetts soldiers who served in the late war. It will give the fullest and most authentic particulars of every one of the 150,000 volunteers, comprising the name, rank, age, bounty, residence, and the place credited to the date of entry into the service and the going out therefrom. The reasons for retiring will also be given, as, for instance, death, disability, desertion, &c. The record, it is computed, will make a work of two volumes, covering 1,000 pages each of the size, in book form, of Webster's Unabridged.

The members of the Park-st. Church, at their meeting last evening, voted unanimously to extend a call to Prof. O. L. Clark Seely of Amherst Col-lege. The former pastor was the Rev. Dr. Stone, now of San Francisco.

THE FORT PRIL REARNEY MASSACRE-RENEWAL OF HOSTILITIES.

LEAVENWORTH, Kansas, Jan. 3.—From all accounts received, it would appear that the troops massacred at Fort Phil. Kearney were surprised at such a distance from the fort that there was no escape. The attack was made just before daylight, the camp being sur-prised. The Cheyennes have not delivered up the murderer of the Mexican. The evidence received fastens the guilt upon the Cheyennes for all the mur-ders of Smoky Hul. The Sigux and Cheyennes have combined for war against the Whites, and are in eamp between the Republican and Platte rivers.

of said horse failing on the pier foot of Chambers'st., and injuring himself so seriously that he died. Mr. Pullman wished to know if the horse was worth \$400.

lost. A motion to adopt the resolution was also lost, and the paper was laid over. A resolution was presented to pave Thirty-eighth-st, from Lexington-ave, to Fourth-ave, with Beigian pavement.

Mr. Pullman said that the proposed improvement had not been asked for by the owners of the property on the line of the street. He thought it unfair for the property-owners to pay the whole of the assessment. He was glad that the time was coming when the heavy burdened tax-payers of this city should cease to be the victims of swindlers. NOTICE is hereby given, in accordance with Section 4 of the Act passed April 14, 1857, entitled "An Act to Reorganuse the Wardens office of the Port of New York," to all pressure interested in, or having charge of the subject matter of such inquiry, examination or server, that the following vessels are now under examination by the Port Wardens, and that the said surveys or examinations will be completed within ten says next succeeding this notice, on board said

swindlers.

Mr. Stacom said he was glad to see that the reform movement had been commenced in Councilman Pullman's own ward; the people in that ward had failed to return the gentleman to this Board, however.

Mr. Pullman said illegal votes only had defeated him.

The resolution was concurred in.

A resolution was received from the Board of Aldermen in favor of paying the clerks and attaches of the Common Council \$250 each for extra services for the year 1886.

After some debate, a vote was taken upon concurring with the Aldermen, when the clerk ammounced that 18 totes had been given in the affirmative and four in the vocative.

A number of members arose and requested a call of the house, on the ground that there were not 22 members present, but only 20 members. The whole subject was brought to a climax by Mr. Tyng offering the following

PROTEST OF COUNCILMAN TYNG.

To the Hon, the Board of Councilmen:

The protest, a motion prevailed dispensing with the further reading, and another motion prevailed that the protest be returned to Mr. Tyng.

After the transaction of some routine business, the President announced the reception of a communication from Councilman Imlay, who was not present when the vote was taken in reference to paying the clerks of the Common Council for extra services, and asking that his vote be recorded affirmatively. A motion was made to return the communication to Mr. Imlay. Lost. The paper was then received and ordered on file.

A resolution directing the Controllecto draw his warrant in favor of each of the regular reporters of the Boards of Alderman and Councilmen for the sum of \$200 each, was, on motion, taken from the files of the Board. During the debate, Mr. Pullman desired to know what was the reason of mking this resolution from the files. He knew of several reporters that could not be bribed to suppress the rascally proceedings of this Board to-day. He supposed it was called up for the purpose of bribing the reporters and suppress the proceedings of the Board to-day. He supposed it was called up for the purpose of bribing the reporters and suppress the proceedings of the Board to-day. He sequantane with several of the reporters led him to believe that they were above such bribery. The resolution was laid over.

lieve that they were above such bribery. The resolution was laid over.

Councilman Imlay here appeared and asked that his vote be recorded in the affirmative on the resolution in favor of paying the clerks of the Boards of Aldermen and Councilmen \$250 for extra services rendered.

Mr. Tyng appealed from the decision of the Chair on the right of Mr. Imlay to record his vote affirmatively on a resolution when he was not present at the time the vote was taken. The decision of the Chair was then allowed to stand as the judgment of the Board, and Mr. Imlay was permitted to record his vote in the affirmative.

The Board adopted a resolution in favor of paying the Commissioners of the Sinking Fund each \$4,600, and the Presidents of the Boards of Aldermen and Councilmen each \$60 as men' ers of the Board of Health. The Board then adjourned to 2 o'clock this afternoon. GO TO THOMAS R. AGNEW's, Greenwich
